

Barstool

Håndlavet til komfort.

A Perfect Fit

This hand-assembled barstool is thoughtfully designed to perfectly complement our single-person boxes, providing both style and comfort for focused work.

The frame is crafted from solid oak, showcasing the quality and tradition of Danish woodworking. The seat is upholstered in either premium Gabriel Fabrics or Leap® - a Danish, sustainable, vegan-certified leather alternative. This innovative material is made from 91% bio-based content, combining durability, comfort, and a minimal environmental footprint.

Every detail reflects careful attention to craftsmanship, ensuring a product that not only looks elegant but also contributes to a greener and more responsible approach to design.

Designed, developed, and produced with care in Denmark.
