

# Mutebox One

The Originale Mutebox.  
Developed, Produced, and Manufactured in Denmark.

## Where It All Began

It all started with the desire to create a beautiful, quiet, and flexible workspace that naturally fits into all types of offices, workspaces, and open-plan environments. The result was Mutebox One. The original Mutebox.

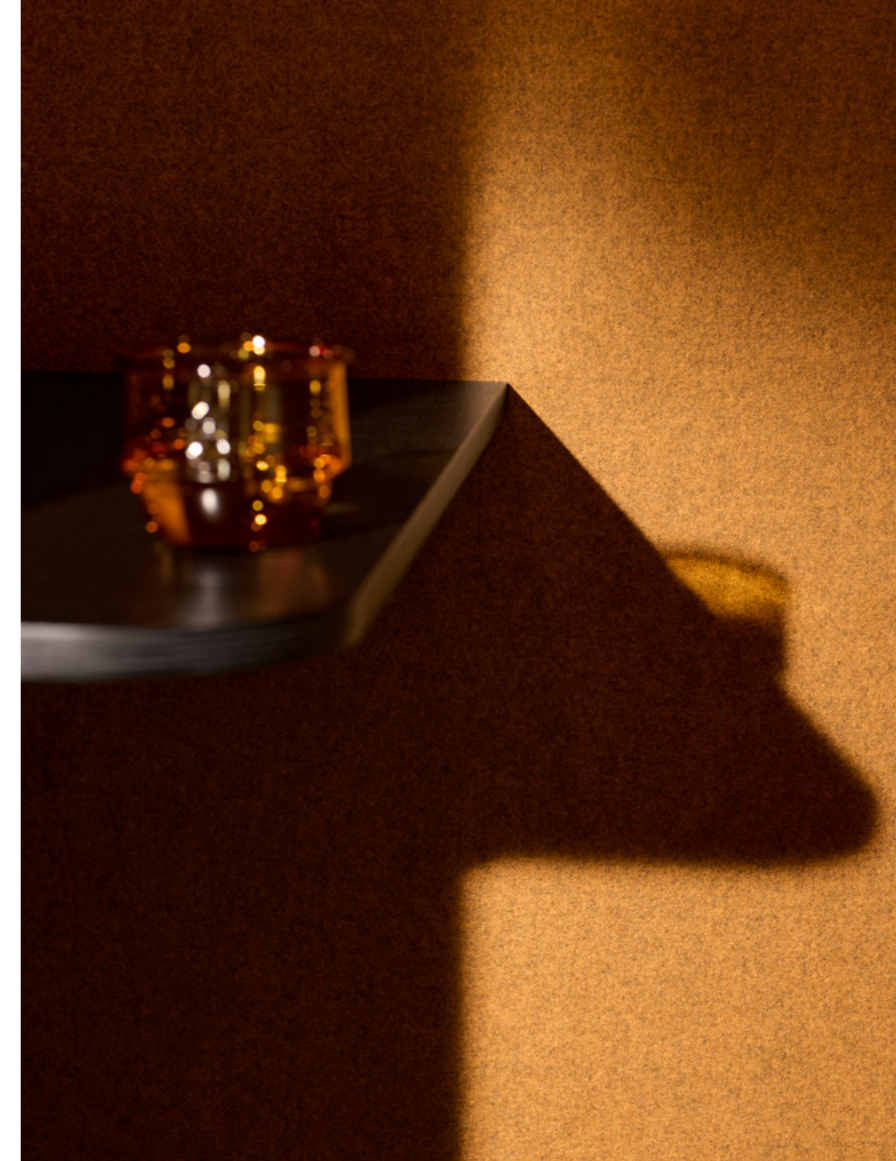

The Mutebox One series includes two models: Mutebox One and Mutebox One Comfort. Both share the same clean design and well-thought-out functionality.

Mutebox One is the pure, functional solution with a high table and excellent acoustics. Pair it with our barstool for a simple and efficient setup for focused work and calls.

Mutebox One Comfort builds on the same design and qualities but adds extra comfort with a specially designed bench.

Whichever model you choose, you get a meeting pod that balances aesthetics and functionality. The look can be customized with different material and configuration options, allowing the pod to blend naturally into your space.

Designed, developed, and produced in Denmark.

# Mutebox One

The original Mutebox comes with a high table.  
With our barstool, you get full seating comfort.

# Mutebox One Comfort

Mutebox One Comfort comes with a specially designed bench,  
upholstered in Leap® or Gabriel Fabrics.
