

FIND YOUR CREATIVE VOICE

Find your screen voice by reflecting on the media you love, what you're like as a person, and what topics interest you.

Your creative style is like your artistic fingerprint. By analysing what you like, you can learn a lot about your own creative voice.

It will help you to understand what stories you want to tell on screen, what messages you want to share, and what your niche is.

*Print the activity pages at the end of this document and enjoy the rest on screen!
