Dr. Ietef "DJ Cavem" Vita

STAMP 2021 Fall Keynote

The O.G. (organic Gardener) is an eco-hip hop artist, educator, and vegan chef from Denver. His songs are about climate change, food justice, and eating healthy. He's performed at the White House and has been featured in Oprah Magazine and on the Rachael Ray Show. His latest album BIOMIMICZ was released as a seed pack to spur listeners into action. He's shared the stage with Moe Def, Nick Jonas, Rick Ross, The Wu-Tang Clan, Public Enemy, Snoop Dogg, Wyclef Jean, among others.

STAMP FALL CONFERENCE

Time for reflection & a step in the right direction

October 1 2021 | 8:00 - 3:00 pm

History Colorado Center

STAMP stands for Students Taking Action and Making Progress. The STAMP Conference is a high school student created and led learning-leadership experience for 7th & 8th grade middle school students to begin discussing social justice-related issues they see and experience in their daily lives.

The conference is a great entry point for students to learn more about themselves and develop the tools needed to build more inclusive, responsive communities at their individual schools.

Our STAMP high school student leaders have been working hard to develop their workshops for your students and are eager to share. This year the STAMP workshops topics will explore issues related to racism, spirituality, classism, gender & sexuality, activism, and health.

This experience will connect diverse students together, in inclusive, open spaces to authentically share, discuss, and explore important topics that directly impact them.
