Stamp 2019 : The Power of Unity ~ Bringing Opportunity!

Workshop Titles and Descriptions

Captain America or Capitalist America?

Do you want free money? Don't we all? Come show your superpowers in our action-packed game that will flip your understanding of the American Dream upside down.

Ex-ed Out to X-Men

We all have super strengths, but why do we only focus on our perceived weaknesses? Learn how our physical, mental, and emotional differences are superpowers that help us fly.

Indefinite Identity: Gender and Sexuality in a Changing World

Have you looked in the mirror and questioned who you are? Would you like to add volume to your vocab on sexual orientation and gender identity? Are you asking for avenues to be an ally or activist? Then "Indefinite Identities" is for you!! We guarantee friends, fun, food and facts. Our goal: give you what you need to grow as an activist and the integrity to combat the injustices that infiltrate the world.

Me Before You

Do you ever make time for yourself? With school, friendships, family, and social media it's hard to take time for yourself to understand who you are and your true feelings. We all face these problems. In this workshop you'll have a safe space to learn ways to deal with your stress, love yourself, and you will leave with resources for when you are struggling.

My Body Through Our Eyes: The Evolution and interpretation of Body Types

Take this journey with us as we show you how culture impacts body image throughout history. Starting in the 800 B.C, we will travel to modern day and learn about the changes in body perception. We will explore how media, our culture, and our identity shape how we see

ourselves and each other. By the end of our workshop, our goal is to spark self-love! My Body, My Me.

The People vs. The Power

ATTENTION ALL STUDENTS!!!

Have you ever been offended and not known why? Have you ever been treated differently from your classmates? Have you ever been an inactive bystander and regretted it? If you answered yes OR no to any of these questions, join us for an informative workshop where we dismantle systemic racism and examine the evolution of micro and macro aggressions. Learn how to take back the history and build the future!

Scream & Shout!!

What's your vibe? How do you express yourself? Through this interactive workshop you will explore your identity and find your voice. Discover the connections your crossroads can create when we scream and shout in harmony!

Stamp 2.0 (afternoon session only)

Congratulations! You have officially unlocked a new STAMP workshop. This session is open to students who have already attended a STAMP Conference and are ready to take their leadership to the next level. In this workshop you will extend your knowledge on making effective change in your community.

Take My Race to the Old Town Road

I'm gonna celebrate 'til I can't no more. I got the culture on my back. My race always attached. Not just white or Black because there's more to me than that. Sharing my history, so you can connect with me. Finding my affinity. This is my identity! Can't nobody tell me nothing.
