

Bitter Babe

Bitter Babe is a multidisciplinary artist and DJ who emerged from Miami's vibrant underground scene and is now based in Paris. Her cutting-edge selection fuses Latin-inspired percussive rhythms—dembow, raptor house, tribal, guaracha, reggaeton, and Brazilian funk—with bass-heavy, low-end groove club music.

Since 2023, she has been touring globally, delivering electrifying performances at **Dekmantel Festival, Horst Festival, and Panorama Bar**. Her genre-defying approach has also led to a **collaboration with Diesel for Crack Magazine**, blending music and fashion in a bold, futuristic way.

In addition to her live performances, Bitter Babe holds a residency at NTS Radio with her show "Obsidian Dreams," where she curates an immersive sound experience for listeners worldwide.

Currently, she is working on her **debut solo EP for TraTraTrax** while preparing for her **debut live performance at Mutek Montréal**. As she continues pushing sonic boundaries, Bitter Babe remains a defining force in the new wave of Latin club music and beyond.
