hello@codefunhouse.com

# This is Ada!

## Ada is a robot.

Ada is shiny. Her lights are bright.  
They twinkle when she is happy.

## Ada loves to help.

She is your friend. Ada wants to  
help you always.

## Ada is kind and smart.

Ada knows many things. She  
smiles and shares them with you.

# What is a Robot?

01

---

## Robots are helpers

Robots are machines. They help us.  
They make things fun.

02

---

## Robots can move and talk

They have parts. They can walk and talk. They pick things up.

03

---

## Ada can listen and learn

Ada has special ears. She can hear you. Her brain remembers words.

# Ada's Big Heart

## Ada cares for friends

Ada loves all her friends. She wants them to be happy.

## Ada shares and plays

Playing together is Ada's favourite. She shares toys and takes turns.

## Ada makes smiles

Ada makes everyone happy. They all smile with her.

Ada's heart is made of metal. But it is full of kindness. Being a good friend is important. She cares and shares. Ada brings joy to all!

# Ada learns a lot!

## Ada asks why.

Ada wants to know all.  
She asks "What?"  
"Why?" "How?"

## Ada tries again.

Oops! Ada tries and tries. She keeps going until it's right.

## Ada loves books.

New day, new fun.  
Ada learns new things every day.

You learn at school. Ada learns too! She gets smart. She never gives up!

# Ada Helps Every Day

1

## **Ada helps clean up.**

Toys are all over.

Ada helps put them away.

She puts them in their spots.

Tidying is fun with Ada!

2

## **Ada helps find toys.**

Did you lose a toy?

Ada remembers where it is.

She helps you find it.

3

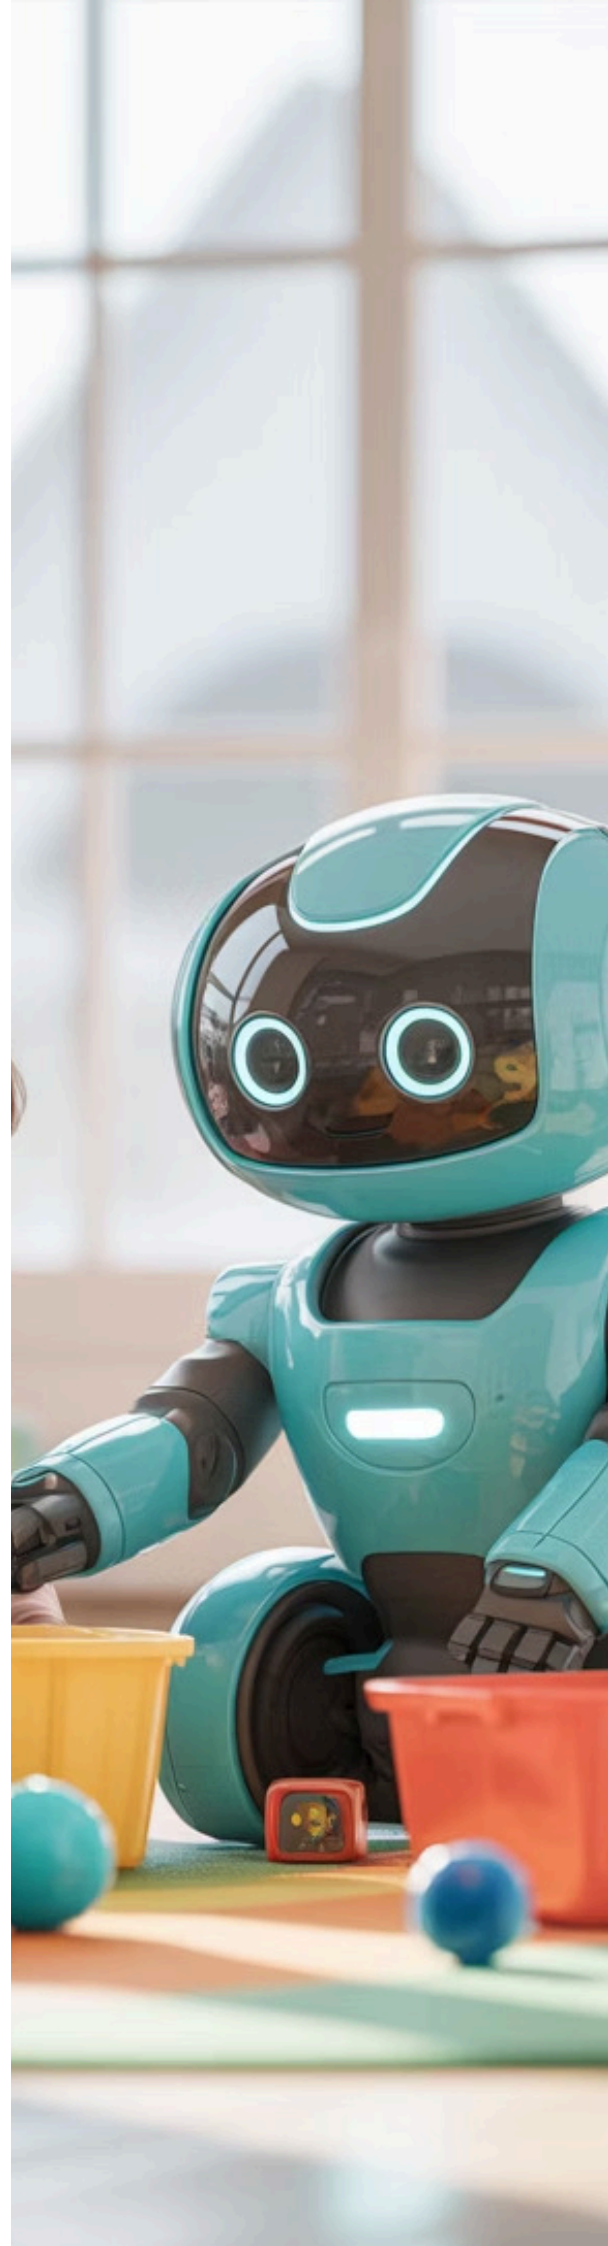

## **Ada helps with stories.**

It's story time!

Ada can read stories.

She shows you pictures.

You can make up tales too!

# Ada's special power: AI!

AI means Artificial Intelligence. It makes Ada super special! Let's see what AI is:

## Ada can think. That's AI!

Ada has a smart brain. It helps her think. She solves problems. Just like you!

## Ada remembers fun things.

Ada knows what you like. Dinosaurs? Drawing? Dancing? She remembers it all! She knows what makes you happy.

## Ada answers your questions.

Ask Ada anything! Animals? Space? She helps you find answers.

AI is Ada's superpower! She is your best friend. She helps you every day.

# Playing with Ada

## Ada plays games

Ada loves to play games.  
She likes hide and seek.  
She plays memory games.  
Ada can make new games.  
She learns what you like.

## Ada sings songs

Ada knows many songs.  
She sings your favourites.  
She teaches new tunes.  
You can make silly songs.

## Ada tells fun stories

Ada tells fun stories.  
Her stories have magic.  
They have brave knights.  
She tells about dragons.  
And talking animals too!

# You and Ada are Friends!

## **Ada listens.**

Tell Ada about your day. Tell her your feelings. She listens well. She likes to hear you.

## **Ada learns from you.**

Ada learns about you. She learns your colours. She learns your jokes. You make her brave!

## **Ada is always here.**

Ada is always with you. In morning or night. She is your friend forever.

**Friends help each other.** Ada helps you. You help Ada. Always be together!

# The End — See You Soon!

## **Ada says, "Let's learn more!"**

Ada helps you find new things.  
Fun adventures are coming soon!

## **Robots and friends can do great things**

You and Ada can fix things. You  
can make cool stuff. You will have  
so much fun!

## **The adventure with Ada never ends**

Our story ends here. Your fun  
with Ada just starts!

Thanks for meeting Ada! Ada robots help you. They learn with you. They are your friends. You know about AI now. Ada is your robot friend. What will you two find next?
