

## Fanett Tabouret

Design Edsbyn

The kinship with the Fanett Chair is unmistakable; the stool shares similar aesthetics, combining low weight with a stable construction. The Fanett Tabouret features a complex design requiring exceptional craftsmanship. The curved wood edging of the seat boasts a tight radius – a challenge few furniture manufacturers would tackle today. Perhaps we might have hesitated too, had we not already known we could master it.

In 2025, we are proudly reintroducing the long-awaited Fanett Tabouret, with a few subtle updates to the original design. Both the chair and the stool have been slightly elevated to align with today's standards.

Fanett Tabouret

Stackable	Configurable	Assembly	Seat	Base	Foot	Certificate
No	Finish Configure at edsbyn.com	Pre-assembled	Plywood with oak, birch or plantation teak veneer. Clear varnish or black/ white paint	Birch in clear varnish or black/white paint	Semi-transparent plastic	  <small>NEFD-11085-11032</small>

Climate-Smart

All materials and surface treatments are approved for public environments with high wear and tear, and will last for many years without the need for maintenance.

Certified according to Möbelfakta

Technical quality standards for sustainability, stability, safety and for surface resistance. Environmental standards for materials and products.

ISO Certified Production

Edsbyverken is certified according to quality and environmental management standards ISO 9001 and ISO 14001.

Color & Trim

Customized furniture with extensive configuration possibilities is our specialty. Edsbyn's selected palette, Color & Trim, showcases a small selection of the color schemes offered for standard orders.

All materials are carefully selected with environmental sustainability as our top priority. All finishes offered in Color & Trim are sustainable and suitable for environments with heavy daily wear and tear.

Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
