## Choice Desk

Design Edsbyn

Choice Desk is an enduring and timeless desk developed with few components yet offering great freedom in dimensions, table tops and materials. The result is a minimalist and durable desk that can be adapted to all types of workplaces – a long-term solution with a clear focus on simplicity, function and flexibility.

With options in table top sizes and several stand solutions, Choice Desk

can be shaped to suit a wide variety of environments. The desktop is available in three models – rectangular, with an inner radius, or as a corner desk – making it easy to meet different needs. To keep technology in order, the table top can be equipped with cable outlets or a discreet cut-out at the back edge.

### Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
