Gather Sofa

Design Andreas Engesvik

A sleek and inviting sofa that carries the same confident attitude as the rest of the Gather series, but with a lighter expression. The slender steel legs elevate the seat and enhance the sense of ease, while the characteristic seam frames the silhouette with clarity.

Comfortable yet expressive, Gather Sofa works just as well as a stand-alone piece as it does

together with the armchair, poufs, or the Gather Modular Sofa system. With a wide selection of textiles and several colors for the steel legs, the sofa can be tailored to create a personal expression. A timeless piece designed to bring presence and comfort to homes, workplaces, and public environments.

Edsbyn Factory
The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
