Loop Stool

Design TEA

The idea was to create a simple, comfortable, stable and tough stool with a unique character. A stool for public environments with many people in movement and the need to cope with a great deal of wear.

You can vary the Loop Stool in terms of structure and thereby appearance, making it perfect for a range of touchdown spaces. The Loop Stool is available in two heights

and can be produced in conceptual monochrome, elegant leather upholstered, with a leather-wrapped back support or in a sporty version with technical fabrics and soft cellular plastic in the back support.

Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
