

Arc Chair

Design Jens Fager

An elegant and comfortable wooden chair that, thanks to its light weight, is easy to move and perfectly suited for environments such as dining rooms, restaurants, cafés, meeting rooms, or even your home.

In 2018, Jens Fager was given the honor of designing a stool for the Swedish National Museum. With the skilled craftsmanship of the Edsbyn woodshop, the Arc Stool was

created – a solid wooden stool with a distinctly Nordic design. Extending the series with a wooden chair was a natural next step. Together with Edsbyn, Jens Fager has developed a refined yet robust chair that we are proud to present as the Arc Chair. Soft lines and a distinctly Scandinavian design make this chair a true joy to sit on.

Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
