Solid Table top

Design Jens Fager

Solid Table Top is crafted in solid wood, produced in full stave for a substantial and elegant expression. The balanced edge is gentle on both the hand and the eye, while a discreet groove on the underside offers a comfortable grip that makes the table easier to move.

The top is available in a range of sizes and is available with our Cone Table base or Feather's pillar stand. Choose between Ash and Oak

Natural – treated with our carefully selected varnish to preserve the natural structure and character of the wood.

In Edsbyn, working with wood has always come naturally. Surrounded by forests in the heart of Hälsingland, we have refined our craft for generations. With Solid Table Top, that heritage meets today's needs – timeless design, sustainably produced, and made to last.

Climate-Smart
All materials and surface treatments are approved for public environments with high wear and tear, and will last for many years without the need for maintenance.

Certified according to Möbelfakta
Technical quality standards for sustainability, stability, safety and for surface resistance. Environmental standards for materials and products.

ISO Certified Production
Edsbyverken is certified according to quality and environmental management standards ISO 9001 and ISO 14001.

Color & Trim
Customized furniture with extensive configuration possibilities is our specialty. Edsbyn's selected palette, Color & Trim, showcases a small selection of the color schemes offered for standard orders.

All materials are carefully selected with environmental sustainability as our top priority. All finishes offered in Color & Trim are sustainable and suitable for environments with heavy daily wear and tear.

Explore the complete selection of materials and colors available for you to choose from at my.edsbyn.com

Edsbyn Factory
The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
