

For workplaces that demand durability and precision

2-legs

3-legs

## Opus Electric Leg Frame

Design Edsbyn

Opus is an electric height-adjustable stand developed for workplaces that demand both durability and precision. The series is available with two or three legs, making it easy to adapt the table to different rooms and needs.

The three-part columns provide stable height adjustment with a lifting capacity of up to 100 to 150 kg, while foot options in different lengths ensure reliable stability in every version.

High-quality electronic and mechanical components guarantee

a long service life, low noise levels and smooth operation day after day.

The best working position is always the next position. With Opus, it is easy to switch between sitting and standing or make small adjustments to find the optimal position.

Opus combines robust technology with a clean design language, making it a natural solution for modern workplaces.

Length: 1150–1740 mm  
Height: 605–1265 mm  
Foot: 490 mm (Short) 610 mm (Medium) 690 mm (Long)

Climate-Smart

All materials and surface treatments are approved for public environments with high wear and tear, and will last for many years without the need for maintenance.

Certified according to Möbelfakta

Technical quality standards for sustainability, stability, safety and for surface resistance. Environmental standards for materials and products.

ISO Certified Production

Edsbyverken is certified according to quality and environmental management standards ISO 9001 and ISO 14001.

Color & Trim

Customized furniture with extensive configuration possibilities is our specialty. Edsbyn's selected palette, Color & Trim, showcases a small selection of the color schemes offered for standard orders.

All materials are carefully selected with environmental sustainability as our top priority. All finishes offered in Color & Trim are sustainable and suitable for environments with heavy daily wear and tear.

Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
