Piece Hanger

Design TEA

Piece Hanger is a discreet and smart clothes storage solution that takes up little space while offering great function. The integrated clothes rail and shoe rack can be complemented with a hat rack, while the plain front allows for different expressions. Choose a configuration that blends in with the interior, or let it stand out as a decorative feature in the room.

Its slim design makes Piece Hanger fit easily even behind a door.

A flexible everyday solution that combines function with a distinct design language – a natural part of the Piece series, designed by TEA.

Edsbyn Factory
 The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
