

Hug Chair

Design Jens Fager

The Hug Chair is designed with comfort and everyday function in mind. Its clever frame allows the chair to be hung from a table top, making cleaning quick and easy – a simple detail that makes a big difference.

Light in weight yet generous in comfort, the chair's softly curved seat provides a naturally pleasant sitting experience. Choose between a version in pressed veneer or with a softly padded seat for longer moments, upholstered in textile or

leather. The chair back is available with a variety of lacquer and stain finishes to either match or contrast with the seat.

Always versatile, always inviting, Hug Chair fits seamlessly into workplaces, cafés, restaurants, schools and homes alike.

“My goal was to achieve bold curves which are comfortable yet retain the clean lines and strength of the material.” /Jens Fager

Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
