

Rectangular

Round

Piece Conference Table

Design TEA

Piece Conference is a stylish table series designed for meetings, conferences, and projects. Choose between round or rectangular shapes – the round table invites spontaneous dialogue and collaboration, while the rectangular version can be extended to any length, making it just as suitable for smaller groups as for larger gatherings.

The series is available in three different heights, making it easy to adapt the tables to various ways of working and environments.

Cable holes and trays keep technology neatly in place, while the optional Piece Serve adds both function and character. The recessed holder sits in the middle of the table and is easy to keep clean. It can be used as a fruit bowl or other storage during the day, as an ice bucket for evening celebrations, or as a pot for fresh herbs – a thoughtful detail that elevates both the meeting and the room.

Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
