

EDSBYNN

Portable,
configurable
and unique

Ease Table Screen

Ease is a portable, configurable, and unique table screen made from a material consisting of recycled PET bottles. This material is commonly used for sound absorption in the automotive industry, making it ideal for environments where noise reduction is essential.

The screen's weight ensures that it stands firmly and elegantly on any type of table, providing both partitioning and acoustic comfort. With your choice of fabric, Ease also adds form and color to the interior.

Design Jens Fager / Andreas Engesvik

Climate-Smart

All materials and surface treatments are approved for public environments with high wear and tear, and will last for many years without the need for maintenance.

Certified according to Möbelfakta

Technical quality standards for sustainability, stability, safety and for surface resistance. Environmental standards for materials and products.

ISO Certified Production

Edsbyverken is certified according to quality and environmental management standards ISO 9001 and ISO 14001.

Color & Trim

Customized furniture with extensive configuration possibilities is our specialty. Edsbyn's selected palette, Color & Trim, showcases a small selection of the color schemes offered for standard orders.

All materials are carefully selected with environmental sustainability as our top priority. All finishes offered in Color & Trim are sustainable and suitable for environments with heavy daily wear and tear.

Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
