## Shape Storage

Design Edsbyn

Dynamic and practical storage with a focus on flexibility and options to meet the unique needs of each room. All modules can be combined both horizontally and vertically.

Create your own storage by combining practical wardrobes with shoe racks, benches, and personalized storage. Doors are available in multiple heights and can be chosen with different types of locks, handles and knobs.

Shape Storage is designed to withstand daily use and high wear and tear in environments such as our offices, workplaces, and public spaces. The modules can be used individually or combined to create practical storage solutions, tranquil seating areas with a room within a room, or stylish shelves for decoration.

### Climate-Smart

All materials and surface treatments are approved for public environments with high wear and tear, and will last for many years without the need for maintenance.

### Certified according to Möbelfakta

Technical quality standards for sustainability, stability, safety and for surface resistance. Environmental standards for materials and products.

### ISO Certified Production

Edsbyverken is certified according to quality and environmental management standards ISO 9001 and ISO 14001.

### Color & Trim

Customized furniture with extensive configuration possibilities is our specialty. Edsbyn's selected palette, Color & Trim, showcases a small selection of the color schemes offered for standard orders.

All materials are carefully selected with environmental sustainability as our top priority. All finishes offered in Color & Trim are sustainable and suitable for environments with heavy daily wear and tear.

Explore the complete selection of materials and colors available for you to choose from at [my.edsbyn.com](http://my.edsbyn.com)

### Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
