Clair Café Sofa

Design Andreas Engesvik

A neat and elegant sofa that blurs the boundary between private and public spaces with its soft lines and practical functions. With a higher seat height, Clair Café Sofa is ideal for cafes, restaurants, libraries, and waiting rooms. The straight outer contours make it easy to place in a room, and allow several sofas to be combined back to back as well as side by side.

Clair Café Sofa is designed with a tasteful “crumb gap” that keeps the furniture piece fresh and easy to clean. The back and seat are manufactured as separate units and can easily be replaced or reupholstered as needed. The leg frame comes in one piece and does not require assembly.

Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
