

Access Storage

Design Edsbyn

Access Storage is a flexible storage series with a clear focus on function and choice. Built on a modular concept, it is just as natural in a small office as in a large public space. With a wide selection of authentic veneers in birch, oak, and ash, along with painted finishes, it offers an expression that feels both timeless and personal.

Choose between a plinth or legs in several designs. Combine with rolling shutters, sliding doors, or classic swinging doors to create the

right solution. Decide on height, width, and depth – whether a standard model or a more unique configuration. From simple elegance to a distinct personal expression – with Access Storage, the choice is always yours.

For those seeking something extra, the cast Access Grip handles are shaped by hand by designer Andreas Engesvik. A tactile detail that elevates the whole and makes the storage truly stand out.

Climate-Smart

All materials and surface treatments are approved for public environments with high wear and tear, and will last for many years without the need for maintenance.

Certified according to Möbelfakta

Technical quality standards for sustainability, stability, safety and for surface resistance. Environmental standards for materials and products.

ISO Certified Production

Edsbyverken is certified according to quality and environmental management standards ISO 9001 and ISO 14001.

Color & Trim

Customized furniture with extensive configuration possibilities is our specialty. Edsbyn's selected palette, Color & Trim, showcases a small selection of the color schemes offered for standard orders.

All materials are carefully selected with environmental sustainability as our top priority. All finishes offered in Color & Trim are sustainable and suitable for environments with heavy daily wear and tear.

Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
