Neat Green

Design TEA

Neat Green brings life and lightness to the Neat series. Placed on top of a Neat Storage unit or on its own stand, the plant box adds greenery and fresh air to offices and public spaces while keeping the same clean expression as the rest of the series.

Neat Storage units are as attractive from the back as the front and offer a wealth of variation possibilities. Combined with Neat Green, they create inviting solutions that work beautifully even in the middle of a room.

With the decorative trellis, Neat Green also becomes a room divider. The medallion-shaped net is ideal for climbing plants, letting you shape the degree of openness with your choice of greenery.

“Every office needs some plants not only to improve air quality, but also to lend a peaceful feel to the room.”

Climate-Smart

All materials and surface treatments are approved for public environments with high wear and tear, and will last for many years without the need for maintenance.

Certified according to Möbelfakta

Technical quality standards for sustainability, stability, safety and for surface resistance. Environmental standards for materials and products.

ISO Certified Production

Edsbyverken is certified according to quality and environmental management standards ISO 9001 and ISO 14001.

Color & Trim

Customized furniture with extensive configuration possibilities is our specialty. Edsbyn's selected palette, Color & Trim, showcases a small selection of the color schemes offered for standard orders.

All materials are carefully selected with environmental sustainability as our top priority. All finishes offered in Color & Trim are sustainable and suitable for environments with heavy daily wear and tear.

Explore the complete selection of materials and colors available for you to choose from at my.edsbyn.com

Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
