## Modular Chairs

Design Jens Fager

Modular Chair combines comfort, flexibility, and a strong identity. The floating backrest and slender lines give it a distinctive character, while double-curved surfaces in seat and back ensure lasting comfort.

Created together with designer Jens Fager, Modular is a circular premium series for offices, cafés, restaurants, schools, and hotels. All parts can be disassembled for restoration or recycling, making it a sustainable choice built for the future.

With endless options for bases, functions, colours, materials, and armrests, Modular can be configured to suit any room or purpose.

"The Modular series has no end – the possibilities to build your dream chair for any project are endless."

/Jens Fager

Climate-Smart

All materials and surface treatments are approved for public environments with high wear and tear, and will last for many years without the need for maintenance.

Certified according to Möbelfakta

Technical quality standards for sustainability, stability, safety and for surface resistance. Environmental standards for materials and products.

ISO Certified Production

Edsbyverken is certified according to quality and environmental management standards ISO 9001 and ISO 14001.

Color & Trim

Customized furniture with extensive configuration possibilities is our specialty. Edsbyn's selected palette, Color & Trim, showcases a small selection of the color schemes offered for standard orders.

All materials are carefully selected with environmental sustainability as our top priority. All finishes offered in Color & Trim are sustainable and suitable for environments with heavy daily wear and tear.

Explore the complete selection of materials and colors available for you to choose from at [my.edsbyn.com](https://my.edsbyn.com)

Edsbyn Factory

The secret of our success is the ability to change and adapt. What began in 1899 as a small carpentry, grew in to be one of the largest furniture factories in the Nordics. Between 1934 and 1984, we produced wooden skis for the Ministry of Defence, Olympic gold medal winners, and families. From the waste material, we manufactured pin-back chairs, which became well-known and cherished in Swedish homes.

As one of Sweden's oldest furniture companies, with roots in Edsbyn, we can proudly say that we have played a part in making the label Swedish Design synonymous with good form and function.
