

KEEP YOURSELF AND YOUR CLIENTS SAFE DURING THE COVID-19 OUTBREAK

HANDWASHING & HYGIENE

- Wash hands with soap and water for at least **20 seconds** at critical moments

Before putting on/ after taking off personal protective equipment

After emptying activity

Before and after contact with clients

Before eating

After using the toilet

- Use an alcohol-based hand sanitizer when handwashing isn't possible
- Do not touch your eyes, nose, and mouth
- Frequently clean and disinfect high touch surfaces
- Do not eat, drink, or smoke while handling human waste

PERSONAL PROTECTIVE EQUIPMENT (PPE)

- While emptying or discharging wear the **correct equipment**

- When done:

Remove equipment safely

Place dirty PPE in a sealed bag

Disinfect dirty PPE daily by laundering with 0.05% chlorine solution

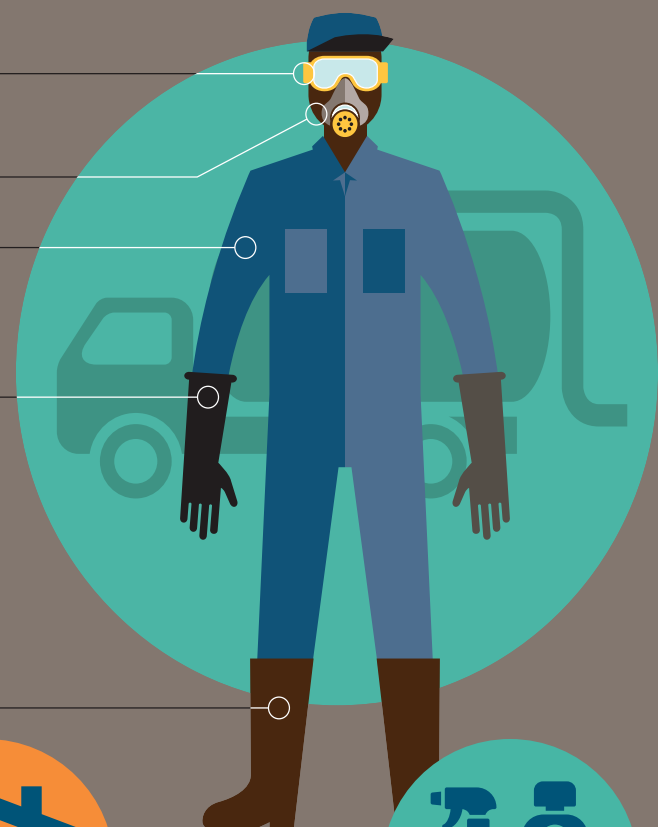

Goggles or face-shield

Mask

Impermeable overalls

Heavy-duty gloves

Closed-toe shoes or boots

PRACTICE PHYSICAL DISTANCING AT ALL TIMES

- Try to stay at least 2 metres away from others
- Greet people without physical contact
- When maintaining this distance isn't possible, wear a mask

MINIMIZE SPRAY AND SPLASHING WHEN EMPTYING & DISCHARGING

- Anyone not wearing PPE must maintain distance while emptying is taking place
- Clean Splashes and spills with a disinfectant, such as chlorine

IF YOU ARE FEELING UNWELL STAY HOME AND AWAY FROM OTHERS

ENCOURAGE FREQUENT CLEANING OF WASHROOMS AND LATRINES WITH A DISINFECTANT
