- Python
- PHP/Laravel
- React
- React Native
- Javascript
- MySQL
- PostgreSQL
- AWS
- Android Native Development
- Python Anywhere
- Node
- MongoDB

PROJECTS

- **Lingunec** - *Associate Software Engineer*

Technologies: Laravel, React , AWS IVS, Pusher, API Integrations

Our online learning platform offers paid subscriptions for students and teachers. With live streaming and chat features, teachers can deliver lectures and interact with students in real-time. Our platform provides a convenient and interactive way for teachers to reach their students and for students to learn from the comfort of their own homes.

- **Resaris**- *Sr. Software Engineer*

Technologies: Python Flask, Beautiful Soap , Selenium, FAST-API

Our web application extracts data from vendor websites and uploads it to our app. Users can access and upload the data to Amazon while we monitor their productivity. Using web scraping technology streamlines data collection for a seamless user experience.

- **Chronic Forum** - *Sr. Software Engineer*

Technologies: Python, PostgreSQL, React.

Former patients can share their stories, while providers can post important materials that can benefit those newly diagnosed or who have minor cases. By creating a space for open communication and sharing of resources, we hope to provide a valuable support system for those affected by chronic illnesses.

- **DigiBank** - *Software Engineer*

Technologies: Laravel, MySQL, API Integration

Our multi-tenant platform enables the creation and management of microfinance banking operations via both mobile and web applications. By providing a streamlined and accessible platform, we aim to facilitate microfinance banking and make it more efficient for both financial institutions and their customers.

- **MohGas** - *Sr. Software Engineer*

Technologies: React Native, PHP API.

MohGas is an online platform that allows users to purchase gas from nearby sellers. By providing a convenient and accessible way to buy gas, we aim to simplify the process and make it more efficient for both buyers and sellers.

EDUCATION

Indus University, Karachi - *BS (Computer Science)*

March 2016- Dec 2019

INTERESTS

I've a good intrest in foods and Pets. Love Swimming, horse riding and also like to play piano
