FYREWASH® F3 Blade Wipes

Superior, convenient cleaning wipes

FYREWASH® F3 is a water-based, truly non-solvent cleaning chemical chosen for its effectiveness and biodegradable credentials. Harnessing the properties of FYREWASH® F3, we have created these convenient, pre-soaked lint-free wipes to simplify and improve manual compressor cleaning.

Extremely user-friendly, these wipes ensure only suitable chemicals and materials come into contact with delicate compressor components, while allowing for thorough removal of foulants. They can be used to support regular on-line washes as part of your maintenance schedule.

Effective

Harnesses the properties of FYREWASH® F3 which is trusted around the world as an effective, biodegradable, water-based chemical.

Lint-free

Each dispenser contains 200 sheets (38x16cm each) of non-woven, lint-free wipes on a roll with sheet-separating perforations.

Dual-use

After cleaning, use a dried wipe to thoroughly remove any remaining deposits and moisture without leaving any lint behind.

Convenient

Pre-soaked and ready to use, these wipes ensure you use the correct dilution of specialist FYREWASH® F3 to target common foulants.

Safe

Used correctly they are safe, non-hazardous and will not damage compressor blades or leave behind lint or residue.
