

# Pricing

Updated February 1, 2024

Our goal is to produce the very best products with your fleece.

When your order is ready, we'll contact you and provide an invoice. Payment is due at pickup. We accept checks or credit card. Please note that we charge a credit card transaction fee of 3.5%.

We work in "jobs" be it a single fleece or a group to be blended.

Your order can have several jobs and each job is priced by the list below. Minimum guidelines apply to each job.

We accept skirted wool\* with a staple length between 2 and 7 inches. We cannot accept fleece from sheep bedded in wood shavings. We reserve the right to reject any fleece for any reason.
