

# ZEDRIC MALMOUX, B ARCH

(818) 519 - 5148 | zedmalmoux@gmail.com | malmoux.com

## 01 / EDUCATION

---

**ACADEMY OF ART UNIVERSITY** / Bachelor of Architecture, Fall 2020

## 02 / EXPERIENCE

---

**LANDRY DESIGN GROUP** / Los Angeles, CA

*Junior Job Captain, June 2019 – August 2019, June 2020 – August 2020, March 2021 – Present*

Gained valuable knowledge and experience collaborating closely with licensed architects, architectural and interior designers, clients and various consultants.

Worked within all architecture phases of design, focusing primarily on creating schematic design packages, construction document packages, and interior elevation packages for high-end residential designs.

Experience working full-time on-site and remotely, collaborating efficiently with a team of ten members.

Visited multiple sites under different stages of construction, gaining a greater understanding of operational requirements during a building's construction.

**BNDL DESIGN** / Los Angeles, CA

*Architectural Design Intern, June 2018 – August 2018, December 2018 – February 2019*

Produced construction document sets, including work on cover sheets, door and window schedules, floor plans, sections and elevations.

Work on producing As-built drawing sets for existing projects using AutoCAD and Rhino.

Researched permitting information regarding zoning requirements and other city regulations for various projects.

**CLASSICAL PROGRESSION INC.** / Los Angeles, CA

*Architectural Design Intern, June 2016 – August 2016, June 2017 – August 2017*

Assisted team of architectural designers, drafting and proposing design iterations for projects using AutoCAD and Google SketchUp.

Visited the planning department in order to research legal information regarding zoning requirements, program use, occupancy and construction feasibility.

## 03 / AWARDS

---

**SAN FRANCISCO DESIGN WEEK AWARD**

*Where Innovation Meets Social Responsibility, Zed Malmoux, Fall 2017*

<https://sfdesignweek.org/award-winners/student-innovation/>

Worked alongside a team to design and build the 'Guerrilla Coffee Unit', recognized for its design and commitment to serving the needs of a displaced population in San Francisco.

## 04 / SKILLS

---

**HARD SKILLS** / Revit, Rhinoceros 3D, AutoCAD, Google SketchUp, Grasshopper, Illustrator, Photoshop, InDesign, Lightroom, Model Making, Laser Cutting, 3D Printing

**SOFT SKILLS** / Public Speaking, Team Collaboration, Remote Work, Detail-Oriented
