STUDENT CENTRE

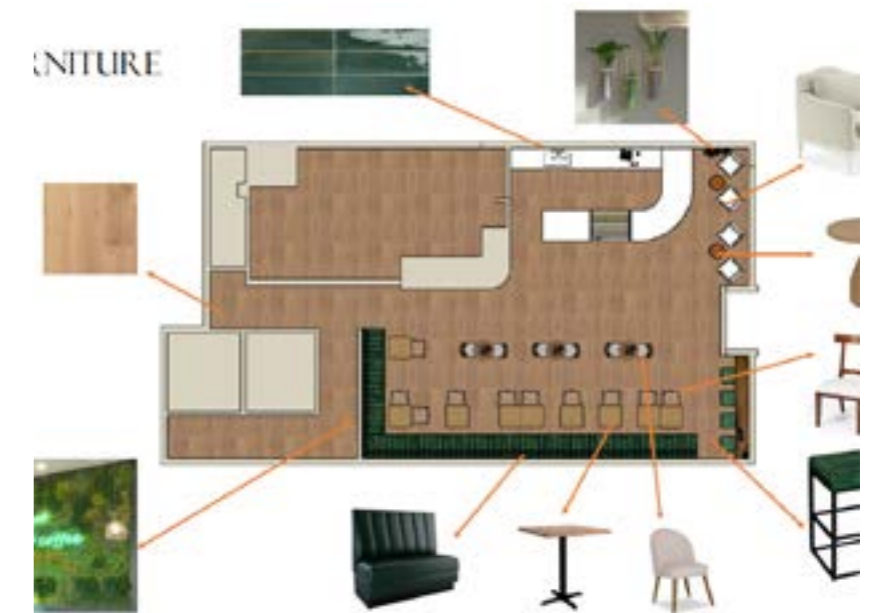

Location : Besiktas, Istanbul | Turkey
Project Name: Student Centre

Our design problem was to create a student centre adjacent to Bahcesehir University in Besiktas, Istanbul. Due to the compressed site via the bridge, multiple circulation paths, the size of the site and other external variables. Hence the aim of the building was designed to release the pressure of external tension, that was applied via the bridge.

COASTAL CAFE

COASTAL CAFE

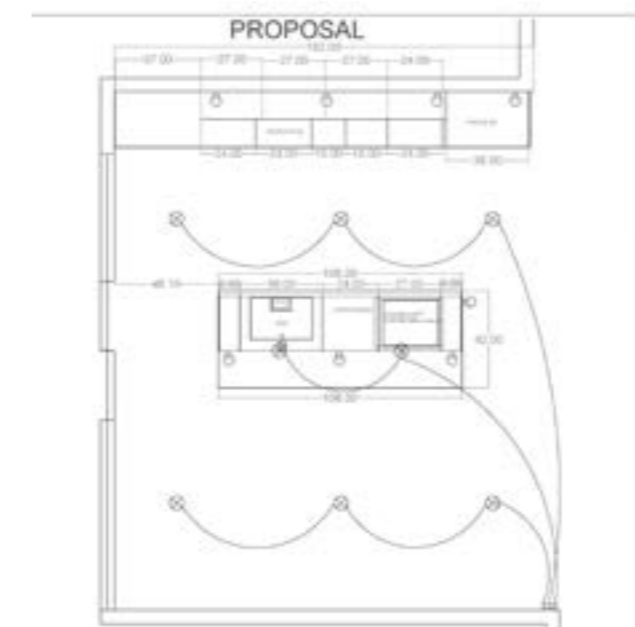

Location : San Fransisco, California | USA
Project Name : Coastal Cafe

Welcome to our Coastal Café, a serene oasis nestled in the heart of San Francisco. Inspired by the enchanting beauty of the surrounding natural landscapes, our interior design concept harmoniously blends urban chic with elements of nature. As you step inside, you'll be greeted by warm earth tones, organic textures, and an abundance of lush greenery that permeates the space. The walls are adorned with botanical murals, showcasing the vibrant flora and fauna that thrives in the city. - 4 -

KITCHEN REMODEL WITH HOME QUALITY REMODELING

Location : SUNNYVALE CALIFORNIA
Project : Kitchen Remodel for Pelosi Client

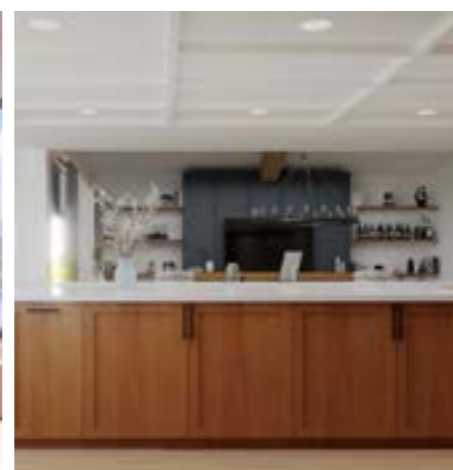

In Sunnyvale, California, an Eichler home underwent a stunning kitchen remodel, transitioning from its original midcentury style to a modern and minimalistic aesthetic. The warm wood tones were replaced with a lighter, neutral palette, introducing clean lines, minimalist cabinetry, and cutting-edge appliances. The result is a seamless blend of the home's mid-century architecture with contemporary design, creating a chic and open culinary space that exudes both elegance and functionality.

KITCHEN REMODEL WITH HOME QUALITY REMODELING

Location : CASTRO VALLEY CALIFORNIA
Project : Kitchen Remodel for Krysta Client

BRUNAM BATHROOM

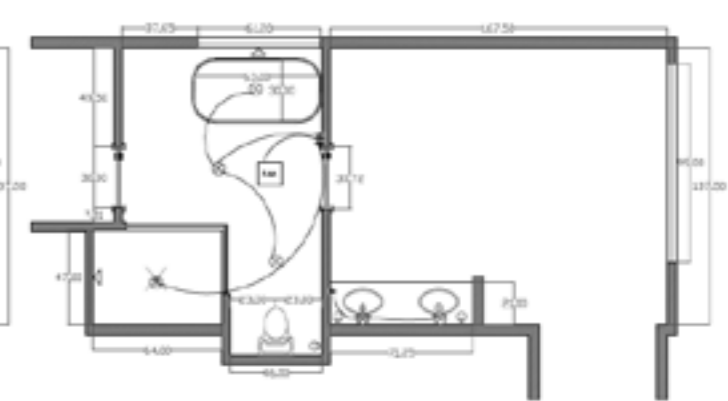

BATHROOM REMODEL WITH HOME QUALITY REMODELING

Location : Sunset, San Francisco
 Project : Bathroom Remodel for Brunam Client
