**Frontend Technologies:** React, Typescript, NextJS, React Native, Vue.js, Javascript

**Technologies & Tools:** Git, GitHub, Jest, React Testing Library, SASS, Storybook, Formik, WordPress, Sanity, Vercel, Heroku, Figma, Material UI, MongoDB, Jira, Elo, Datadog

## PROFESSIONAL EXPERIENCE

---

### ARRIBATEC GROUP

Oslo, Norway

Core Developer

June 2024 - current

Flytoget:

- **TVM App Development:** Built a React Native app for Flytoget's Ticket Vending Machines, enhancing the ticketing experience for over 6 million annual passengers.
- **User-Centric Design:** Developed accessible, intuitive interfaces to streamline ticket purchasing across Flytoget's ticketing system.

Hospitality:

- **Self-Check-Out Kiosk:** Developed self-check-out kiosks in TypeScript and React with 99.8% uptime, integrated with hotel PMS and payment systems.
- **Tablet & Check-In Apps:** Created responsive check-in and reservation apps, enhancing guest experience and system integration.

### SKIWO AS

Oslo, Norway

Main Frontend Developer

Aug 2022 - June 2024

- Drove the development of an administrator-centric platform, achieving 90% process automation.
- Optimized customer-freelancer communication for a network of 5,000+ freelancers, handling 15,000+ monthly orders through national contracts.
- Boosted test coverage to 90% with comprehensive integration tests, enhancing code quality and minimizing bugs.
- Played a key role in the successful migration of an app codebase from Vue.js to React.

## RELEVANT PROJECTS

---

### iBønn Admin Panel

- Developed a user-focused, scalable admin dashboard empowering mosque admins and super admins to manage content, users, and app updates for iBønn, serving an active user base of over 10,000 daily.

### Blog CMS - DevrMichael.com

- Built a blog featuring an integrated CMS using NextJS and Sanity.io.

## Salita Management System

- Developed a React and TypeScript-based platform that streamlined workflow and improved productivity by empowering administrators to efficiently manage interpretation and translation assignments.

## OTHER EXPERIENCE

---

### A-Hus | Logistics Coordinator

May 2017 - Aug 2022

- Coordinated timely medical equipment deliveries for 200+ patients.

### SATS | Certified Personal Trainer

June 2012 - May 2017

- Delivered over 2000 hours of personalized training with over 180 clients.

### Securitas AS | Security Guard

July 2011 - June 2012

- Secured two shopping centers, resolving issues for 500+ staff in a fast-paced environment.

## EDUCATION

---

### UiA | Digital Media and Communication

2014 - 2015

- Specialized in WordPress development, SEO, and Photoshop-based UI design.

### Oslo Nye Høyskole | B.Sc. in Nutrition Sciences

2015 - 2018

- Developed strong analytical skills with a focus on data-driven planning and public health.
