

Is Vivally® right for me?

If you answer yes to more than 3 questions below, Vivally might be a good option for you. Please speak with your doctor about prescribing the Vivally System.

Questionnaire:

1. Have you been diagnosed with or told you may have symptoms of overactive bladder syndrome (OAB), including urge urinary incontinence and urinary urgency?
 - a. Yes
 - b. No
2. Do you ever feel a sudden, intense urge to pee or an involuntary loss of urine (a leak) when you don't want it to happen?
 - a. Yes
 - b. No
3. Do you experience an urge or leak more than once a week?
 - a. Yes
 - b. No
4. Do you take steps to manage sudden urges or leakage, such as wearing diapers or pads, wearing dark clothing, or scanning for bathrooms when you are in public?
 - a. Yes
 - b. No
5. Do your urinary issues impact your social activities, travel, intimacy, career, or confidence?
 - a. Yes
 - b. No
6. Are you dissatisfied with the results or experience of your former or current treatments, such as drugs, botox, PTNS, or surgical implants, to treat the symptoms of your urinary issues?
 - a. Yes
 - b. No
7. Would you be interested in a drug-free, needle-free, surgery-free OAB treatment option?
 - a. Yes
 - b. No

Responses:

If you answered Yes to more than 3 of the above questions, it's time to talk with your doctor.

The Vivally System is simple and easy to get started and requires a prescription from your medical doctor or nurse practitioner. Take this questionnaire and your responses to help you talk with your provider about adding the Vivally System to your treatment plan.
