

Miss Hall's School inspires and encourages each girl to pursue the highest standards of learning and character; to contribute boldly and creatively to the common good; and to seek a purposeful life based on honor, respect, growth, and personal authenticity.

At Miss Hall's School, we champion social justice; insist that all community members demonstrate respect for each other through words and actions; and affirm that diversity, equity, and inclusion are essential to learning and problem solving, discovery and personal growth, and cultivating empathy and cultural competency. Guided by these beliefs, and with the understanding that being an inclusive community requires ongoing work and commitment, we foster cross-cultural dialogue and allyship to honor and celebrate our diverse community.

The role of a resident faculty member at Miss Hall's is to foster a joyful and connected community of boarding students. Residents cultivate strong connections with individual students and dorm leaders through their authentic engagement, consistent presence on campus, and compassionate support and mentorship to all. In partnership with the Deans and other colleagues, Residents monitor students' health and wellbeing and provide constant supervision and care. All members of the Residential Life Team perform assigned weekly duties and actively participate in student-focused activities throughout the year. Residents bring passion, energy, and optimism to their work with students, as well as a commitment to MHS mission and values.
