VANQUISH

-EMOTION DESIGN-

NATURE IS THE ONLY BOOK OFFERING SO MUCH ABUNDANCE
IN VARIOUS CONTENTS ON ITS LEAVES

Acting through its shapes and exploring its versatility, a desire of
creating the beautiful and the unique has appeared.

Through cherishing the love for creativity in various forms, for a
sane and responsible attitude, a unique product has been made
with a crafty hand, and with the desire to be presented in public.

While modifying and shaping such materials as wood, my most
intimate feeling of nature was born - the love to the wood.

The fruits of that love are reflected in my creations.
