I have been a Virginia Beach resident now for 36 years but was raised in Bellwood and Bland park was a huge part of my childhood. I hope your family understands the impact your park and sauce has had on so many peoples lives. I stand here this evening opening a jar of your sauce for dinner tonight and think how it takes me back. One of the few pictures I have of my dad was him stirring the sauce with what looks like an ore. That had to be mid to early 60's.

I just want to thank your entire family for all the memories they helped to create. I am filling my truck a few times a year with sauce to bring back here. Thanks again to all.

5 Highlights of the New Stimulus Package

What the latest round of funding may mean for you.

Provided by John Battaglia, CPA, AIF

After a bit of political posturing in December, the \$900 billion Consolidated Appropriations Act of 2021 (2021 CAA) was signed into law by President Trump as the COVID-19 pandemic continues to impact employers and employees.

Here's a quick recap of five key highlights:

Stimulus Checks: The new law authorized a second round of \$600 checks for people with income that meets the criteria. The checks start to phase out for individuals who earned at least \$75,000 in 2019 and \$150,000 for joint filers. ¹

Unemployment Benefits: The law provides up to \$300 per week in enhanced benefits through March 2021. The benefits extend to self-employed individuals and gig workers. ²

Student Loan Repayment: The 2021 CAA extends the provision that allows employers to repay up to \$5,250 annually towards an employee's student loan payments. The payments are tax-free to the employee. ³

Small Businesses: The 50% limit on the deduction for business meals has been lifted. Business meal expenses after December 31, 2020, and before January 1, 2023, may now be fully deductible. Please consult your tax, legal, or accounting professional for more specific information regarding this provision. ⁴

PPP Loans: The new law contains \$284 billion in relief for a second round of Payment Protection Program loan funding. Businesses with 300 or fewer employees may be eligible for a second loan. "Second-draw" loans are available through March 31, 2021. ⁵

As 2021 gets underway, expect some additional guidance from regulators on 2021 CAA. Our office will keep an eye out for updates and pass information as it becomes available.

The Secrets to Lasting Behavior Change

Do you struggle to make lasting changes when it comes to improving your wellbeing? Do you routinely fall back into old habits after doing well for a couple of weeks?

Sustainable behavior change is hard work, but there are a few strategies that can improve your chances of making changes that stick.

Try these secret ingredients to lasting behavior change:

Create exciting goals

Do you feel excited when you think about your goals? If you want to achieve your goals, they must excite you. They have to be compelling enough that you look forward to investing your time and energy in taking action to reach them. If they do not, or if you dread working on them, they probably are not the right goals for you. Whenever you feel stuck, it might be time to consider revising or changing your goal.

Build a strong support network

Surround yourself with positive people who encourage you, and limit your exposure to those that derail your efforts. This might mean limiting the time you spend with certain people or the activities you engage in.

Find alternatives

When you find yourself tempted to veer off the path that leads to your goals, have some alternatives ready. Create a list of possible substitutes in advance, so you have other healthy options to choose from.

Celebrate

Do you tend to check goals off your list and move right along to the next one without acknowledging your success? Take a moment to celebrate each achievement and milestone you reach.

Lasting behavior change requires exciting goals, a supportive network, a plan to overcome roadblocks, and taking time to celebrate your milestones and achievements.
