

TANIUM AUTONOMOUS IT MICROLEARNINGS

COURSE DESCRIPTION

The Tanium Autonomous IT series is a collection of short microlearnings that introduce Tanium users to the new and exciting features of the Tanium Autonomous IT Platform. In approximately 15 minutes or less, each course provides a foundational understanding of what the given feature is, its benefits and use cases, a short demo of the feature in action, and answers to commonly asked questions.

DELIVERY OPTIONS

Web-Based
Training (WBT)

ADDITIONAL RESOURCES

- [Tanium Autonomous IT Platform Documentation](#)
- [Tanium Autonomous IT Website](#)
- [Tanium Community](#)

Delivery options and duration

WBT: Approx. 15 min each,
90 minutes total

Prerequisites

None

Target audience

This series of microlearnings is intended for Tanium operators interested in the autonomous features included within the Tanium platform.

For a list of courses and registration access, please log in to your Tanium Learning Center account.

If you do not have access to the Tanium Learning Center, please contact training@tanium.com.

COURSE OBJECTIVES

- Gain a foundational understanding of each Autonomous IT feature and its key components and functions
- Recognize the feature's unique benefits and potential use cases
- Get up-and-running with basic operational workflows
- Troubleshoot common misunderstandings
- Know where to seek additional information and resources

COURSE OUTLINE

INTRO & AUTOMATE

- Overall introduction to automation and Tanium's Autonomous IT Platform
- What is Tanium Automate?
- Who is Tanium Automate for?
- Why use Automate?
- When to use Tanium Automate?
- How do I use Tanium Automate?
- FAQ and troubleshooting
- Wrap up and additional resources

ASK

- What is Tanium Ask?
- Who is Tanium Ask for?
- When to use Tanium Ask?
- How do I use Tanium Ask?
- FAQ and troubleshooting
- Wrap up and additional resources

GUIDE

- What is Tanium Guide?
- Who is Tanium Guide for?
- Why use Tanium Guide?
- When to use Tanium Guide?
- How do I use Tanium Guide?
- FAQ and troubleshooting
- Wrap up and additional resources

CONFIDENCE SCORE

- What is Tanium Confidence Score?
- Who is Tanium Confidence Score for?
- When to use Tanium Confidence Score?
- How do I use Tanium Confidence Score?
- FAQ and troubleshooting
- Wrap up and additional resources

ADAPTIVE ACTIONS

- What are Tanium Adaptive Actions?
- Who are Tanium Adaptive Actions for?
- When to use Tanium Adaptive Actions?
- How do I use Tanium Adaptive Actions?
- FAQ and troubleshooting
- Wrap up and additional resources

REMEDIATION VISIBILITY

- What is Tanium Remediation Visibility?
- Who is Tanium Remediation Visibility for?
- Why use Tanium Remediation Visibility?
- When to use Tanium Remediation Visibility?
- How do I use Tanium Remediation Visibility?
- FAQ and troubleshooting
- Wrap up and additional resources
