Federal Tax Credit May 2023  
Qualifying Product Document

HunterDouglas 

# How to use this document

All eligible Hunter Douglas Duette® and Applause® Honeycomb products with PowerView® Automation qualify for the Federal Tax Credit.

To determine if any non-motorized Hunter Douglas Honeycomb product qualifies for the Federal Tax Credit, please follow the steps below.

- 1) Refer to the Product Qualification Reference Chart, which can be found on Pages 3-6.
- 2) In the Product Qualification Reference Chart, if the fabric is listed as "All Qualify" then **ALL** operating systems and sizes within that product category qualify for the Federal Tax Credit. Available operating systems include PowerView®, LiteRise®, UltraGlide® and EasyRise™ in both standard and Top-Down/Bottom-Up (TDBU).

If the fabric you purchased is listed as "Some Non-Qualifying", please reference the Qualifying/Non-Qualifying Size Grids, for those applicable operating systems.

- 3) Within the Qualifying/Non-Qualifying Size Grids: find the specific fabric, operating system, and size of the product. If the size of the product falls within a dark green area, the specific product configuration **DOES NOT** qualify. If the size of the product falls within a light green area, that specific product configuration qualifies.

IMPORTANT: Any products purchased with the following systems and design options **DO NOT QUALIFY**.

- Duolite®
- Vertiglide™
- Skylift™
- Simplicity™
- TrackGlide™ (Alustra Duette & Duette Only)
- LightLock® (Alustra Duette & Duette Only)
- EasyView® Arch (Alustra Duette & Duette Only)
- Two-on-One Headrail
- End Mount
- Outside Mount
- Specialty; including Sidelights, Shapes, Cut-outs, Magnetic Hold Down Brackets
- Fabrics not listed on pages 3-6.
